CONSTABLE RETURNS - The appointed constables of the various Adams County municipalities submitted quarterly reports to the Judges of the Court of Quarter Sessions of the Peace of Adams County. Included in the report were the names of retailers of spirituous liquors who sold less than five gallons, and the names of those who were retailers of foreign merchandise, which sometimes included liquor. Generally, the reports were submitted in January, April, August and November of each year. Please note that the dates shown are from the reports where the individual's name first and last appeared. There are many instances where the individual was not named in every period during the time frame shown. Names were spelled as they appeared on the documents; therefore, be alert for different spellings. If more specific quarters and years are desired, a personal study of the paper reports can be done at the Adams County Historical Society, Gettysburg, PA.
